NAYMUL HOSSAIN

naymul.com — n5hossai@uwaterloo.ca — in/nay — github.com/n5hossai — (+1) 289 668 8130

SKILLS

· Languages: C++, C#, C, Go, Java, Python, JavaScript, Git, Docker, R, SQL, MATLAB
· Tools & Frameworks: React, Node.js, AngularJs, Bootstrap, jQuery, Django, Flask

EDUCATION

University of Waterloo   Sept '17 – Aug '21

Major: *Bachelor of Mathematics, Honours Computational Mathematics*

Minors: ⋆ *Computer Science* ⋆ *Statistics* ⋆ *Combinatorics & Optimization*

EXPERIENCE

bKash Limited

Software Engineering Intern (Full Stack Developer)   May – Aug '19

· Integrated a conversational agent in Facebook, automating customer service with **Dialogflow**
· Developed Messenger's WebView with **React**, and manipulated its *DOM* with **AngularJS**
· Implemented bKash USSD **API** with messenger, and increased transaction efficiency by **15%**

icddr, b

Software Engineering Intern (Data Analyst)   June – Aug '18

· Built a classifier, using **Microsoft Azure's** *CNTK model*, by utilizing **Python** and **R**
· Facilitated medical team of icddr, b by identifying land covers of remote areas with the classifier

Nerd Community

Software Engineering Intern (Front End Developer)   May – Aug '17

· Developed webpages, created registration and recruiting forms using **Node.js** to be automated
· Implemented UI changes by converting static elements to responsive components using **jQuery**
· Integrated educational contents and preparatory materials using *WordPress* and *FileZilla*

University of Waterloo

Computer Science Tutor   Sept '19 – Dec '19

· Taught university athletes up to 3rd year level of Computer Science courses

PROJECTS

Stratego   · Implemented a multiplayer functionality game engine with interactive graphics
                      · Applied object oriented **C++** principles, systematized with design patterns

Protein-Fold ·Built a model to determine protein structure using **K-fold Cross-Validation**
                      ·Delivered a **97%** accuracy, with **MSE** & **RMSE** supporting the findings

VersionSway ·Built a version-controlling system using object oriented **C++** principles

· **TCP-Socket** ·Created a **TCP Socket** program, in a client-server environment for file transfers

AWARDS & EXTRACURRICULAR ACTIVITES

⋆ University of Waterloo Bengali Student Association, President   Jan – Apr '19

⋆ University of Waterloo President's Scholarship of Distinction   Sept – Dec '17

⋆ StarterHacks, Development Mentor   Jan '20
